

Marie Skłodowska-Curie Actions 2018-20 calls

XV Convegno AISSA
23/02/2018

Alessandra LUCHETTI
*Head of Department – Excellent Science
Research Executive Agency*

MSCA main objective for H2020:

- Ensure the optimum development and dynamic use of Europe's intellectual capital in order to generate new skills and innovation

Total budget (2014-2020): **€ 6.126 billion** (current prices)

Key Features

- development of knowledge and enhancement of skills
- excellent and innovative research training
- attractive career and knowledge-exchange opportunities through cross-border and cross-sector mobility
- bottom-up approach
- openness to all career stages
- strong participation of industry, i.e. SMEs

Who can participate?

Academia

Public or private **High Education Institutions**
awarding academic degrees

Public or private **non-profit research organisations**

International **European interest organisations**

Universities

Non-profit
research
institutes

IEIOs

Business and non-academia

Broad definition:

Any socio-economic actor not
included in the academic
sector definition

Industry

SMEs

Other socio-
economic
actors

Marie Skłodowska-Curie actions

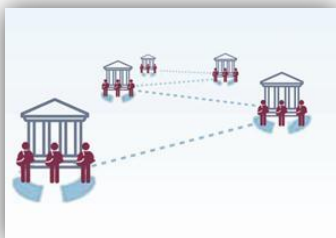

ITN

Innovative Training
Networks

IF

Individual Fellowships

RISE

Research and
Innovation Staff
Exchange

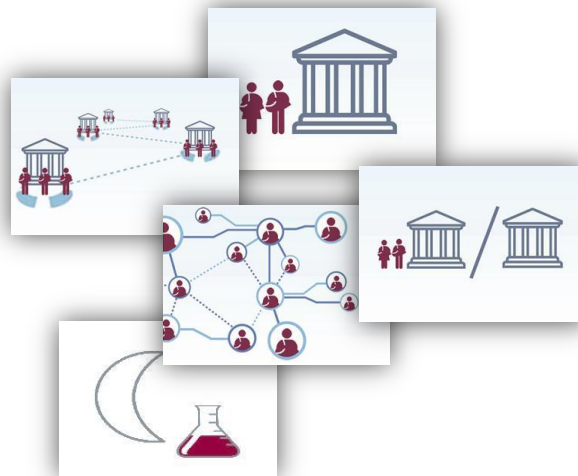

COFUND

European Researchers'

NIGHT

Which MSCA should you choose?

ITN

Innovative Training Networks

Objective

- To train a new generation of creative, entrepreneurial and innovative early-stage researchers, able to face current and future challenges and to convert knowledge and ideas into products and services for economic and social benefit.
- To raise excellence and structure research and doctoral training, extending the traditional academic research training setting, incorporating the elements of Open Science and equipping researchers with the right combination of research-related and transferable competences.
- To provide enhanced career perspectives in both the academic and non-academic sectors through international, interdisciplinary and intersectoral mobility combined with an innovation-oriented mind-set.

ITN features

- Only for **early stage researchers**
 - Fellowships of **3-36 months**
 - Project duration up to **4 years**
 - Maximum **540 researcher-months**
 - Budget for 2018 call: **442 M€** (EID: 32 M€, EJD 35 M€)
-
- 3 different modalities: **ETN, EID, EJD**

ETN - European Training Networks

- at least 3 beneficiaries from 3 different EU MS or AC. Above this minimum any country can participate

EID - European Industrial Doctorates

- at least 2 beneficiaries established in 2 different MS or AC.
- At least one beneficiary must come from the non-academic sector, primarily enterprise.
- Each researcher - enrolled in a doctoral programme and spend at least 50% in the non-academic sector.
- The joint supervision of fellows by supervisors from each sector is mandatory.

EJD - European Joint Doctorates

- at least 3 beneficiaries from different EU MS or AC which are entitled to award doctoral degrees.
- creation of joint doctoral programmes, leading to the delivery of joint, double or multiple doctoral degrees.

IF

Individual Fellowships

Objective

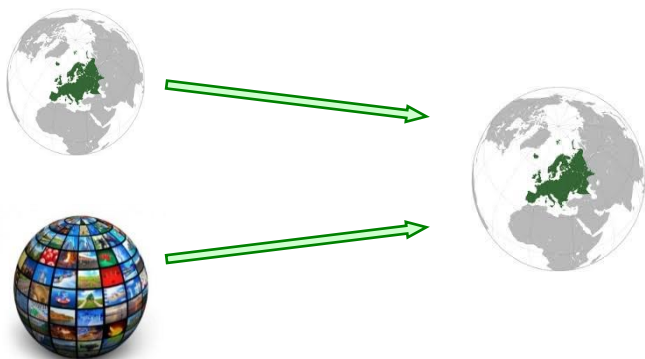

- To enhance the creative and innovative potential of experienced researchers, wishing to diversify their individual competence in terms of skill acquisition through advanced training, international and intersectoral mobility.

IF features

- **European Fellowships (EF) & Global Fellowships (GF)**
- **Career Restart Panel (CAR)** - resume a career of individual researchers after break
- **Reintegration Panel (RI)** - supports the return into Europe and reintegration of researchers from outside Europe who have previously worked there
- **Society and Enterprise (SE)** panel – in non-academic institution
– working on R&I projects (since 2016)
- Only for **experienced researchers**
- Duration: **2 years** (GF and CAR: **3 years**)
- Budget for 2018 call: **273 M€** (GF: 45 M€, SE: 8 M€)

European Fellowships

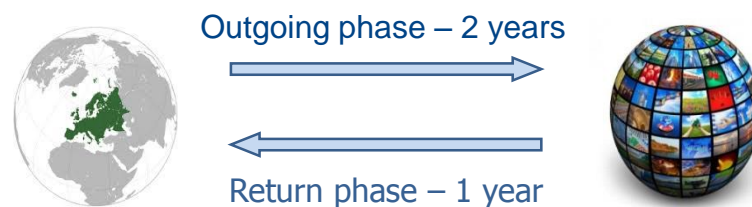

Society and Enterprise Panel

Reintegration Panel

Career Restart Panel

Global Fellowships

RISE

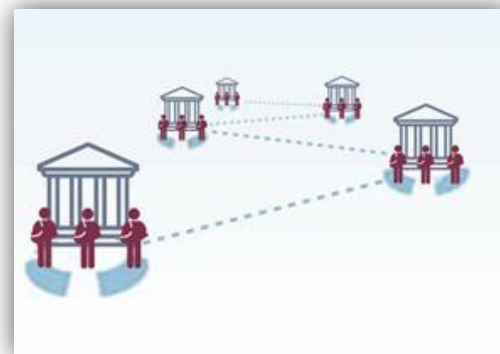

Research and Innovation Staff Exchange

Objective

- To strengthen the interaction between academic and non-academic organisations, and between Europe and third countries
- Research projects implemented through research and innovation staff exchanges
- International and inter-sector transfer of knowledge and sharing of ideas and of R&I culture

RISE features

- **Staff members eligibility condition:** at least 1 month at the sending institution prior to first secondment
- **Secondments** from 1 to 12 months
- Project duration up to **4 years**
- Maximum **540 researcher-months**
- Budget for 2018 call: **80 M€**

Two different set-ups :

• **INTERNATIONAL**

• **EUROPEAN**

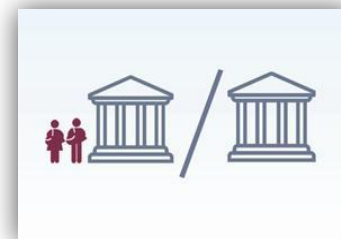

COFUND

Objective

- To stimulate regional, national or international programmes to foster excellence in researchers' training, mobility and career development, spreading the best practices of Marie Skłodowska-Curie actions.
- This will be achieved by co-funding new or existing regional, national, and international programmes to open up to, and provide for, international, intersectoral and interdisciplinary research training, as well as transnational and cross-sectoral mobility of researchers at all stages of their career.

COFUND features

- **Mono-beneficiary:** organisation funding or managing doctoral or post-doctoral programmes
- **Duration of projects:** maximum 5 years
- **Duration of fellowships:** minimum 3 months
- Budget for 2018 call: **80 M€** (DP: 30 M€)

- **Leverage funding** and combat fragmentation (possible synergies with ESIF)
- EU contribution to cover living allowances for researchers and management costs – limited to **10 M€ per beneficiary per call**
- **50% co-funding** for established unit costs
- Minimum living allowance fixed in the WP

Doctoral Programmes

Early stage
researchers

Fellowship Programmes

Experienced
researchers

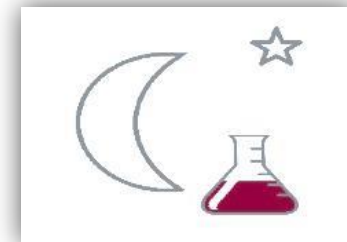

European Researchers' Night

Objective

- To bring researchers **closer to the general public**
- To increase **awareness of research and innovation activities**, by supporting the **public recognition** of researchers
- To increase an understanding of the **impact of researchers' work** on citizen's daily life
- To encourage **young people to embark on research** careers

NIGHT features

- NIGHT takes place yearly, typically **last Friday of September**
- Main events can last **up to two full days** (Friday and Saturday)
- **Pre-events possible** during spring or summer
- **Activities focus** on the general public, addressing and attracting people regardless of the level of their scientific background, with a special focus on pupils and students (combination of education aspects and entertainment)
- Budget for 2018 call: **12 M€**

MSCA WP 2018-2020

What is new?

Widening Fellowships

New in
2018

- To attract participation of beneficiaries from **widening countries**
- **Widening Fellowships** implemented through **Work Programme part 15** (Spreading Excellence and Widening Participation).
- **Applications to the 2018 MSCA IF call**, where the host organization is located in an **eligible widening country**
- **Automatic transfer to this call** in case the MSCA IF proposal **does not reach funding range in the IF** ranking
- Possibility to opt-out
- **WF proposal** - admissibility/eligibility of MSCA IF
- Budget for 2018 call: **5 M€**

Individual Fellowships: Part time work for professional reasons

New in
2018

- To pursue **supplementary activities**, such as creating a business, advanced studies, etc.
- Based on agreement between supervisor and fellow
- **Minimum working time in MSC action: $\geq 50\%$**
- Can be requested during **GAP or action implementation** – not at application stage

Global Fellowships:

Possibility to spend time at the European beneficiary before the outgoing mobility foreseen

- Duration: max. 3 months

RISE:

Less strict eligibility criteria for secondments

- Staff members to be linked to the sending institution **one month** (instead of six months) **before the first period of secondment**
- More flexibility and more secondments

Teaching will be highlighted

- Teaching explicitly recommended
- Support to teaching by beneficiaries encouraged
- No specific limit will be set due to diversity of teaching cultures

Support for researchers with the special needs

Expected
as of 2019

- Financial support for the **researchers/staff members with disabilities**
- Beneficiaries to apply for a **dedicated special needs grant** in all MSCA, **max 60 000 € per researcher/action**
- Form of a **Coordination and Support Action** (CSA) to cover the additional costs that researchers/staff members with disabilities face due to the increased costs of their mobility (e.g. to ensure necessary assistance by third persons, adapting their work environment, etc.)
- It **cannot cover costs** which are already covered **by another source**, such as social security or health insurance
- A request can be made by the beneficiary **either at proposal stage** (for IF only) or at any time **during action implementation**

National Contact Points

Network of National Contact Points (NCPs)

The network of National Contact Points (NCPs) is the main structure to provide guidance, practical information and assistance on all aspects of participation in Horizon 2020.

What is the NCP network?

NCPs are national structures established and financed by governments of the 28 EU member states and the states associated to the framework programme. NCPs give personalised support on the spot and in applicants' own languages. The NCP systems can vary from one country to another from highly centralised to decentralised networks, and a number of very different actors, from ministries to universities, research centres and special agencies to private consulting companies.

NCPs are also established in many non-EU and non-associated countries ("third countries").

NCP Services

As the NCPs are national structures, the type and level of services offered may differ from country to country. In general, the following basic services are available in accordance with the [NCP Guiding Principles](#) agreed by all countries:

- Guidance on choosing relevant H2020 topics and types of action
- Advice on administrative procedures and contractual issues
- Training and assistance on proposal writing
- Distribution of documentation (forms, guidelines, manuals etc.)
- Assistance in partner search

Search for your NCP

Find the contact details of your national H2020 National Contact Point or those of your potential partner's country. You can search for NCPs in Member States, Associated Countries and third countries. You can also search for NCPs by thematic areas or functions; for instance, you can look for an NCP who is specialised in Marie Curie actions. Hover over the NCP functions to view the explanation of their specific responsibilities.

The third country NCPs listed below were nominated in the context of the Seventh Framework Programme. This list will be progressively updated for Horizon 2020, as necessary.

Enterprise Europe Network (EEN)

The screenshot shows the Enterprise Europe Network (EEN) website. At the top, there is a blue header with the European Commission logo and the text "ENTERPRISE EUROPE NETWORK". Below the header, a navigation bar contains links: Home, About, Services, Events, Success stories, and News & Media. The main content area features a large banner with the word "services" and an image of a crowd. On the left, there is a sidebar with sections for "Share Success Stories" (including a Success Stories Feed and an Embed Success Stories button) and "Services" (listing "Going international" and "Technology"). The main content area has a section titled "Our services" with a search bar and a list of services: Going international, Technology transfer, Access to finance, Research funding, Advice on EU law and standards, Intellectual property and patents, and Speak up on EU law.
